EUROVENT

Value for money & quality are paramount with EUROVENT

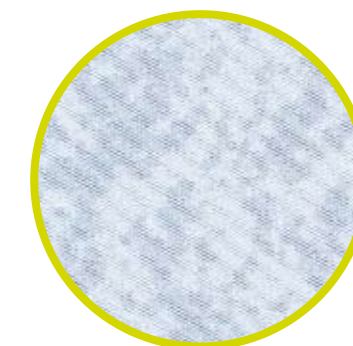

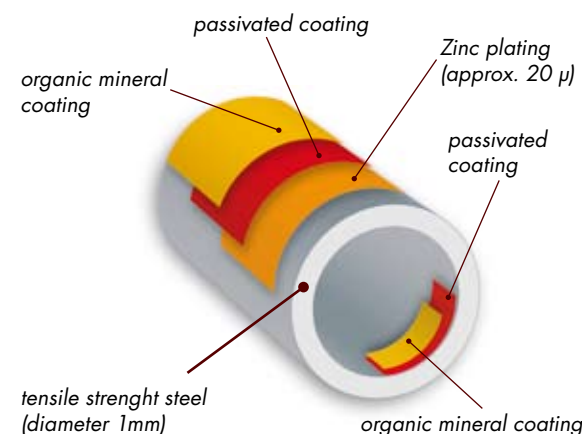

EUROVENT products are constantly evolving according to the latest technological advances, the textile trends and to improve customer satisfaction. We never leave anything to chance: our materials are very carefully chosen and our products are manufactured to the highest standards. We do all of these things because we know that your awning is bound to come with you for many years. Our constant efforts and improvements will ensure that your EUROVENT awning will exceed your expectations.

- 100 % acrylic walls, roof in coated polyester
- Sewn-in PVC groundsheet
- Available in 4 colours

DREAM ABOUT YOUR HOLIDAYS...

Your local dealer

Determine the right size of your awning

... according to your caravan

For accurate measure of your awning, take the length of your caravan from ground to ground. Eurovent awnings have a special flap on both sides allowing them to fit all types of caravans. For caravan with an aerodynamic front profile, take the length of the profiled side at 1.80 m from the ground without following the rail.

SIZES/TYPE	8.05 > 8.40 m	E	9.80 > 10.15 m	J	
6.65 > 7.00 m	A	8.40 > 8.75 m	F	10.15 > 10.50 m	K
7.00 > 7.35 m	B	8.75 > 9.10 m	G	10.50 > 10.90 m	L
7.35 > 7.70 m	C	9.10 > 9.45 m	H	10.90 > 11.30 m	M
7.70 > 8.05 m	D	9.45 > 9.80 m	I
